- Other:** August 2018 – Building captain for the week during Project Rebuild Project Playground

**Biographical Information** *[limited to 150 words or less.]:*

I am a lifelong Alaskan, born in Anchorage and raised in Southeast Alaska. Since 2009 I have worked in the affordable housing industry managing affordable housing rentals, as well as rent to own housing units. I work to promote affordable housing development in Juneau and throughout Southeast Alaska.

I truly enjoy living in Juneau! I have made it a goal thoroughly enjoy everything that our beautiful community has to offer and to take advantage of all the opportunities within our community. When I am not serving on the assembly, non-profit boards and committees, you will typically find me working on remodeling my 83-year-old house, running throughout our city streets and trails, hiking, biking, camping, fishing, kayaking, paddle boarding, downhill and cross-country skiing, and simply enjoying the outdoors with family and friends. I am currently training for the Klondike Road Relay - an international relay starting in Skagway, ending in Whitehorse.

**Position Statement** *[limited to 250 words or less.]:*

It was an honor and privilege to serve on the Assembly, and I look forward serving the community in the role of Mayor. If elected as Mayor, with your trust, I will work tirelessly on your behalf to address challenges and to secure lasting and meaningful improvements to your quality of life.

Several of my top priorities include building a strong and resilient local economy, maintaining a sustainable city budget, and reducing our cost of living. We need to continue to be practical, proactive, and diligent while working together to build a strong and resilient economy.

Efforts must be made to create new industry and promote growth within our community. New industry and growth have the potential to create year-round jobs that pay a living wage. We need to make decisions within the City and Borough of Juneau that leverage investment.

During my time on the assembly I worked hard to combat crime, and housing and homeless issues facing our community. I strongly voiced my support for the Juneau Police Department, as well the staff of Capital City Fire and Rescue.

I am a constructive contributor, an active problem solver, and an engaged team player. I pledge to listen to the community concerns as we work together for positive outcomes. I want to express my heartfelt thanks to everyone in the community that has expressed their support for me in this upcoming election.

I respectfully ask for your vote for mayor in the upcoming October 2<sup>nd</sup> election.
