Dear CBJ Visitor Industry Task Force,

I applaud your efforts to help Juneau retain its amazing atmosphere while entertaining visitors. To that end, my requests are:

1. Have a Cruise Ship free day for Juneau residents (Saturday or Sunday would allow citizens a chance to enjoy our town in peace).
2. Ensure the industry helps pay their fair share for use of our wonderful town: in addition to the head tax, invoke a sales tax on all activities that occur within the City and Borough of Juneau (heli, hiking, biking and tram tours, etc).
3. Have fly free zones – areas in which planes and helicopters are not allowed at certain times.
4. Have a fly free time (such as noon to one, when workers are out recreating or having lunch) that would provide a peaceful respite from work and aircraft noise.
5. Set limits on the number of people allowed in high use areas. (Example: Hawaii now has limits for access to Maui's famous Haleakala crater and Kauai's famous NaPali coast). As Eaglecrest continues to expand summer activities, it would be helpful to have limits and usage rules already in place.
6. Set limits on the number of boats allowed in to Juneau on any day. If boats need to wait off shore, it provides visitors with a beautiful view of Southeast's archipelago and improves the experience of the people who are on shore.

Respectfully,
Deborah Craig
