And willingness to serve on the Economic Stabilization Task Force for CBJ.
I appreciate you stepping up to find a way through these complex times for our individual health and the economic health of our community.

I wanted to share the attached slide and ask that you include the nonprofit businesses in your conversations on Economic Stabilization.

Nonprofit businesses are an important piece of the economic puzzle and provide vital services to our community.

While the attached slide represents all of Southeast Alaska it is reasonable to say that almost 50% of the organizations represented by these numbers are based in Juneau.

Thank you for your service and willingness to tackle the monumental challenges facing our community.
Thank you for your consideration.

Regards,
Wayne
