Dear Economic Stabilization Task Force,

I am writing to support the requested funding for the Juneau Cares project. As we enter into winter and look forward to the legislative session starting up again, it's important that we put our best foot forward in demonstrating that Juneau is proactive in developing and implementing safety protocols for COVID 19 mitigation.

Upon reading the proposal, I am very encouraged to see that not only is the travel industry taking a strong lead, but they are looking at retailers, restaurants, and all businesses in Juneau.

It's imperative we continue to be solution oriented and it's my hope that you will approve this funding so that we may continue to move forward.

Thank you,

Midgi Moore, CCTP
