Subject: Extreme Hardship Grant CBJ Proposal

Dear Economic Stabilization Task Force Members,

I'm writing today in support of the proposed extreme hardship grant. My business, Squirez Bar, has been severely impacted by shutdowns and capacity limitations. Prior to COVID I had 10 employees and since then that number has dropped to 5. Business is very slow compared to this time last year and there will likely be more difficult months as we move into winter. I believe that this grant will make a difference for businesses like mine and could help us continue to serve the community into the future. I thank you for your consideration in this difficult time,

Shayla Weeks Kaiser
