**Subject:** Extreme Hardship in downtown small business

---

To all of you concern,

From The Red Lady, Joy Cherkas,

We are small family business doing business at 287 south franklin st. for 9 years. The COVID-19 disaster has hit us extremely hard and would have to go bankrupt if we didnt get help.

We are asking for more help to get thru winter, our business is down 2020 , 85% from 2019. My business is tourist and cruise ship dependent which adds to concerns for our family and business in the future 2021 .

Oct.1 layed off part time worker and one full timer because of lack of funds . I am interested in qualifying for additional assistance to pay rent for store, utilities and payroll .

thank you for your consideration,

Joy Cherkas
