Current community risk level is high, due to:

- Increasing amounts of community spread, both inside and outside of the current cluster
- Slower contact tracing due to increasing case load, state-wide
- Hospital need ticking up, and concern for future hospital demand due to the high number of current cases

What does that mean for bars & restaurants?

- Staff must be masked at all times
- Patrons must be masked when not consuming food or beverage
- Maintain 6 ft distance between parties
- Keep reservations, contact lists, or sign-in sheets for patrons
- Not exceed 50% capacity
- Close nightly by 11:00 p.m.
